Email : krisjenxz@gmail.com

PROFILE

I am a third-year Computer Science student at the Royal University of Phnom Penh with a strong foundation in computer hardware, programming, and problem-solving. I have gained practical experience developing several full-stack web applications using React, Spring Boot, Node.js, Laravel, and MySQL. These projects have strengthened my software development, database and debugging while allowing me to apply my academic knowledge to real-world projects.

EXPERIENCE

Internship Frontend Tranning Course Feb-April 2026

- Develop responsive web interface using HTML, CSS, JavaScript and React.js.
- Used Git/GitHup for version control and project collaboration.
- Collaboarated with instructors and teammates on practical frontend development projects.

Personal Project Jan–Sep 2026

- Developed full-stack applications including a POS Management System, Job Portal, and TeasJul (Room Rental System).
- Built RESTful APIs, database systems, authentication, CRUD operations, and responsive user interfaces.
- Worked with React.js, Node.js/Express, Laravel, Spring Boot, MySQL, and Tailwind CSS.
